DRY VANS DAMAGE ANNOYANCE POLICY

We Refuse to Profit From Our Customers' Misfortune

At Stoughton Lease, we know how you feel about damage rebills. We also know that when customers become leery of these charges, the rental and leasing industry has no one to blame but itself.

Because we provide the toughest, most damage-resistant trailers on the road, we don't need the sales gimmicks that other trailer rental agencies use, promising standardization of repairs with no markups and no profit.

We pledge to do everything we can not to bill you back for damages at the end of the rental period. We refuse to profit from our customers' misfortune.

We will never bill you for the following annoying damages on dry van trailers at the end of the lease:

- Plywood
- Cuts in the side skins smaller than 15", limit 2 per side
- Roof patches less than 15" x 15" that are patchable
- Cosmetic dents in top and bottom rail
- Cross members not bent more than 3/8"
- Any scratch on any panel
- Bottom rail rivets
- Damage to lights or lenses
- Attaching scuff liner
- Sweep-outs
- Transportation cost to and from repair facilities
- Refastening roof bows
- Reattaching door seals
- Broken or missing door holdbacks
- Decal removal – less than 15" x 15"
- Dock Bumpers
- Floor Gouges less than 7/8" deep

At Stoughton Lease, we put the highest priority on the ease and fairness of the check in and check out process. Our brand employees will ensure that no mistakes or oversights occur because our reputation and your future business depend on it.
